Dear Ron:

Please review the attached proposed "Scope of Work" (Attachment I) to be performed by a consultant, Allen M. Ries. I would like any revisions or additions you feel are necessary.

I understand the pueblo is considering the option of undertaking the reclamation of the Jackpile-Paguate Mine. The above work can be modified to include development of cost figures. However, please note that this work is only a small facet of the total cost of reclamation. The total reclamation cost should be addressed prior to pursuing reclamation endeavors.

I will be available at your convenience to discuss these issues.

Sincerely,

**John Blueyes
Senior Environmental Engineer**
